The Rascal Balance is different. It's comfortable and stable, plus it's easy to maneuver in tight spots like stores and riding in crowds. The Rascal Balance makes you feel better and safer!" The Electric Mobility 600B Rascal Balance uses Magnetic Stabilizer technology that automatically deploys when the Rascal Balance turns at any reasonable speed. As the front wheel turns, the outside stabilizer wheel touches down on the riding surface. The Rascal Balance frame design provides maximum comfort in lower body posture. There is a much larger foot and leg accommodation range when compared to most other 3-wheel scooters and especially their 4-wheel counterparts. The Rascal 600B Balance provides all of the benefits of 3-and-4 wheel scooters in one inclusive and affordable package: **Safety Comfort Ease of use** All of these important benefits come with one scooter! In the past, to secure all 3 of these benefits you would have to invest in a 4 wheel scooter for safety and a 3 wheel scooter for comfort and ease-of-use! Now you can enjoy safety, comfort, and ease of use with one scooter - the Rascal Balance. **** Scooter Insurance includes accidental damage, Theft, Public Liability, Recovery, Personal effects, Injury Cover, Lost Starter Keys, Recovery.**** We Recommend our **Silver Engineer Delivery Service** See Here For Details Order online or call us and Speak with a Scooter Advisor on **FREEPHONE 08000 430357** * Finance conditions apply, call for more information
