Description:

Finance available You could have this powerchair for £5.49 per week* Richmond Electric Adjustable bed from Drive The Richmond adjustable bed is part of the Restwell collection, These Electric Adjustable Beds make relaxation and a good night sleep an affordable and very comfortable reality. This superb quality range is manufactured in the UK and are available with an excellent choice of mattresses including the new Restwell Memory Foam. The Richmond electric adjustable range of beds has been developed for anybody who would like to find different positions to relax in bed. It is becoming more and more popular to sit up in bed to read or to recline in bed and watch television or a film. Sometimes it is just great to recline in bed with your feet up. In general this range provides you with the opportunity to find your perfect relax and sleep position. The Richmond electric Adjustable Bed can be adjusted to your desired position thus providing you with the ability to maximise your comfort. The five fold adjustable base is innovative in design and adjusts to support the five key areas, knees, hips, back, neck and head. The Richmond electric adjustable bed incorporates 42 flexible slats, these conform and adjust accordingly to pressure, supporting you and providing greater comfort. This deep divan base is quality upholstered and built by UK craftsman. It offers infinite positions to help you to relax and to have a deeper, more restful and healthier night's sleep. Mattress sold separately Buy this bed with the very comfortable Pocket Sprung Memory Foam mattress *** The thermal properties of the memory foam mattress allow for a warmer bed - ideal in winter, however when summer comes along you can turn the mattress and have a very comfortable slightly cooler bed*** Owing to the Thermal properties associated with memory foam this provides a warmer option during the winter months. Alternatively during the summer months you can turn the mattress and sleep comfortably on the cooler side of the 500 pocket spring system.
